Directors' Review

The Board of Directors (the Board) is pleased to present the condensed interim financial statements of Pak Libya Holding Company (Private) Limited (the Company) for the period ended 30 June 2017 together with Directors' review thereon.

Performance review

The Company earned a profit before tax of PKR 136.98 million during the period under review as against PKR 1,030.13 million in the corresponding period last year.

Gross mark-up income during the period was PKR 502.57 million, a decrease of approx. 17.98% compared to same period last year due to declining interest rates and reduction in investments in government securities. However, the significant increase in profitability, in corresponding period, reflects the success in securing the assets of Kamoki Energy Limited (KEL).

During the period, the Company utilised net cash flows in operating activities of PKR 2,468.39 million due to repayment of expensive borrowings. The total assets of the Company have decreased to PKR 16,771 million – a decrease of around PKR 2,124 million (compared to financial yearend 2016) mainly in PIBs, considering the interest rate scenario.

The summarised financial results for the period are as follows:

Description	Half year ended 30 June 2017	Half year ended 30 June 2016
	PKR '000	
Profit before taxation	136,982	1,030,131
Taxation	58,517	95,052
Profit after taxation	78,465	935,079
Earnings per share (Rupees)	127.76	1,522.49

Future prospects

A cautious stance is being maintained towards further asset growth. To improve the performance, the management is focusing on all possible avenues for profitable operations of the Company with an objective to expand its loan book including SME financing activities and disposal of non-banking assets.

In relation to KEL (non-banking assets), as per the approved management plan, the business team has started marketing and sales related activities to structure the deal for ultimate disposal of these non-banking assets.

Considering the favourable performance of the Company, initial capital injection requirement of PKR 4 billion, agreed by the shareholders, has been reduced to PKR 2 billion. Both the shareholders in the AGM held on 15 April 2016 has given their approval for the same. Management has been following up with both the shareholders to amicably finalise the arrangement in terms of mutually agreed timeline and is hopeful of a positive outcome on the matter.

PakLibya

In view of the overall efforts being made by the management, we are confident of positive business prospects for the Company.

Acknowledgments

On behalf of the Board, we would like to express gratitude to our shareholders for their continued support and trust. We are also thankful to employees of the Company for their hard work and dedication.

Introduction

We have reviewed the accompanying condensed interim statement of financial position of **Pak-Libya Holding Company (Private) Limited** (the Company) as at June 30, 2017 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity and the relevant notes for the six months period then ended (hereinafter referred to as "condensed interim financial information"). Management is responsible for the preparation and presentation of the condensed interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information as of and for the six months period ended June 30, 2017 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Emphasis of matter

We draw attention to the note 1.2 to the accompanying financial information which explains that State Bank of Pakistan (SBP), has granted further exemption to the Company form the required minimum paid-up capital (free of losses) of Rs. 6 billion till June 30, 2017 but the capital has not been injected till that date. However, the Company has applied for further extension to SBP for injection of capital till December 31, 2017.

Our conclusion is not qualified in respect of the above matter.

Other Matters

The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the three months period ended June 30, 2017 and 2016 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended June 30, 2017.

The financial statement of the Company for the half year ended June 30, 2016 and for the year ended December 31, 2016 were reviewed and audited by another firm of auditors who in their report dated August 04, 2016 and March 09, 2017, expressed an unqualified conclusion and opinion respectively.

The SBP vide its letter No.BPRD/BPD (Policy)/ 2016-14898 dated 14 June 2016 has granted relaxation to the investors for recording impairment on this investment upto 30 June 2017 in phases. Pursuant to the requirement of this letter, impairment equivalent to 100% of the required amount has been recorded by the Company as at 30 June 2017.

7.2.2 As at 30 June 2017, the Company has the investments / exposures in Kamoki Energy Limited (KEL) which was a joint venture project between the Company and Tapal Family. KEL was established in 2009 to own, construct, manage and operate a rental power generation plant. KEL could not commence its commercial operations.

On 30 March 2012, a decision was announced by the Honorable Supreme Court of Pakistan (Court) on the Human Rights Case with respect to Rental Power Plants (RPPs) which was initiated by the Honorable Court taking a suo moto action. In this decision, all contracts of RPPs were declared to be illegal and void ab initio and ordered to be rescinded. KEL had filed a review petition against the decision of the Court which is pending adjudication.

Keeping in view of the above, the Board of Directors in their meeting, held on 09 December 2012 and 10 December 2012, had deliberated upon different alternatives in detail with respect to the exposure in KEL and thereafter decided to take exit from KEL. The Board advised the management to explore options, to sell the project to a third party.

Consequent to filing of winding up petition, for KEL, by Ameejee Valejee & Sons (Private) Limited along with certain shareholders of KEL from Tapal Family, Honorable Sindh High Court (HCS) has ordered liquidation of KEL and appointed an Official Assignee.

As per the order of Honorable Sindh High Court, M/s. Joseph Lobo (Private) Limited was appointed to carry out fresh valuation of the KEL. Subsequently, the first and second auctions were held on 29 November 2014 and 08 April 2015 respectively under the jurisdiction of Official Assignee, which, however, remained uneventful. Consequently, the Honorable Court of Sindh (HCS) passed an order dated 28 April 2015 to set off the assets of KEL to the extent of forced sale value of Rs. 1,134 million against claim of the Company. Later, the HCS vide its letter dated 27 May 2015 directed that the assets of KEL be handed over to the Company. Subsequent to the said order of HCS certain claimants filed their claims, amounting to Rs. 116.423 million before official assignee, the final outcome of which is still pending.

14. CONTINGENCIES AND COMMITMENTS

14.1 Contingencies

In financial year 2014, the Company received the appeal effect orders with respect to the Appellate Tribunal Inland Revenue (ATIR) orders dated 20 February 2013 in relation to tax years 2004, 2005, 2006 and 2008 where the outcome was in favour of the Company in relation to issues of loans and advances written-off, apportionment of expenditure and loans to executives/officers and the resulting refunds were adjusted against the tax liability for the tax years 2009 and 2010. Based on the decision of ATIR, overall resulting relief and brought forward losses, there was 'nil' additional tax liability remaining for tax years 2009 and 2010. In June 2015, the Additional Commissioner Inland Revenue issued orders under section 221/124 of the ITO for the tax years 2003 to 2010 to give the appeal effect of the ATIR order. Upon Company's rectification application, a rectified order was issued which resulted in a refund of Rs. 122.777 million. The tax department has filed the references before Honorable High Court of Sindh against the order of ATIR.

For the tax year 2011, Deputy Commissioner Inland Revenue (DCIR) vide order dated 30 August 2013 passed under section 122(1) read with section 177 of Income Tax Ordinance (ITO) issued the amended assessment order and raised a demand of Rs. 84.392 million. The demand mainly pertains to additions made for apportionment of expenses to dividend income/capital gains/(losses), disallowance of interest payable on accrual basis, provision for loans and advances and loss on termination of leased assets etc. The Company filed a refund claim of Rs. 70.53 million for the tax year 2011 through a revised tax return; however, it did not recognise the said additional refund on a prudent basis. The Company filed an appeal with Commissioner Inland Revenue Appeals on 14 October 2013. The CIRA disposed the appeal vide his order No. 22 dated 26 December 2016. In relation to the said appeal, CIRA confirmed the treatment of DCIR on certain issues, whilst few matters were decided in favour of the Company. Therefore, an appeal before ATIR to contest the various treatments adopted in the above mentioned order issued by CIRA has been filed in addition to a rectification application.

For the tax year 2013, the Company received a tax demand of Rs. 24.3 million on 11 November 2014 vide order under section 122 (5A) of the ITO. Against this order, rectification application was filed vide letter T-2798/2012 dated 12 December 2014 wherein it has been highlighted that the issue of apportionment of expenditure against dividend income and capital gain has been decided in favour of the Company by ATIR. Also, the tax department did not consider the payment of tax of Rs. 13.47 million. In June 2015, a rectification order under section 221 of the ITO was passed by the Additional Commissioner Inland Revenue to give effect of apportionment of financial charges and tax credits. Consequently the tax department revised its tax demand and reduced it to Rs. 13.198 million. The Company filed an appeal with Commissioner Inland Revenue Appeals (CIRA) on 22 December 2014. The CIRA disposed the appeal vides his order no. 23 dated 26 December 2016. In relation to the said appeal, the CIRA confirmed the treatment of the ACIR on certain issues whilst few matters were decided in favour of the Company. Therefore, an appeal before ATIR to contest the various treatments adopted in the above mentioned order issued by CIRA has been filed in addition to a rectification application.

For the tax year 2014, the ACIR passed an order wherein he demanded tax of Rs. 57.866 million disallowing the provision for non-performing loan and advances, apportionment of financial and administrative expenses against dividend income and capital gain, penalty imposed by the State Bank of Pakistan, treated the expenditure incurred on privately placed TFCs as capital expenditure and charged WWF. The Company filed an appeal with Commissioner Inland Revenue Appeals (CIRA) on 22 November 2016. The CIRA disposed the appeal vides his order No. 13 dated 16 January 2017. In relation to the said appeal, the CIRA confirmed the treatment of the ACIR on certain issues whilst few matters were decided in favour of the Company. Therefore, an appeal before ATIR to contest the various treatments adopted in the above mentioned order issued by CIRA has been filed.

No provision has been made in these condensed interim financial statements in respect of above mentioned matters as the management is hopeful of a favourable outcome on these matters.
